The New Adventure!

After much thought, Blue Wave Divers is introducing the **Overnight Scuba Diving Tour** starting January 4th 2021, on board the **ZEN**, a 38ft Bertram Sport Fishing boat.

There are many dive sites in the Turneffe and Lighthouse Reef area and on every trip we will be visiting different sites. Each dive site is unique and there will be plenty of marine life to see. This trip also includes the popular Blue Hole and Long Caye Aquarium. On the first day, the trip will leave at 9 a.m. from Blue Wave Divers pier. We will make our journey out to Turneffe where we will do the first dive at 70/80ft. The second dive will be at Long Caye Aquarium followed by another dive site in the Long Caye area. For the second day, we will start with the Great Blue Hole where we dive to 130ft to see the stalactites and reef sharks followed by a dive at Lighthouse Reef and then Turneffe.

Each dive is about 45/50 minutes. Lunch will be provided on board.

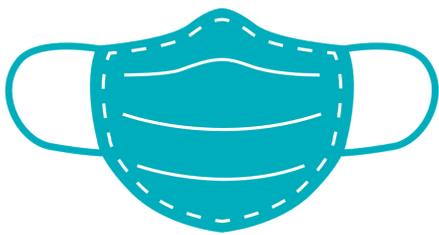

Wondering where you will sleep?

We have teamed up with Itza Resort on Long Caye where you will be provided with accommodation and enjoy a good night's sleep. You will also enjoy dinner on the first night and breakfast the following morning at the resort.

Itza Resort is located on Long Caye, Lighthouse Reef Atoll, about 50 miles offshore Belize City. The popular dive site - Long Caye Aquarium, is also located off the island as well.

What about SARS-CoV-2 (Covid-19)?

To ensure the safety of our staff and divers, we request a copy of your negative test result prior to arriving at our office and your temperature will be taken upon your arrival at Blue Wave Divers office. We also do temperature checks on our staff before they begin their day's work. We want to ensure everyone is safe and have a great experience with us. We will be adhering to all the safety and precautionary measures on board by sanitizing the entire boat and providing a sanitizing station.

Cost of the tour?

The cost is USD\$1,500.00 per person and includes the following:
